

Closure of Top Entrance **Thursday 11th June**

You may or may not be aware that the cattle grid at the main (top) entrance was beyond repair and needed replacing immediately. For this reason the top entrance will be closed at 7.30am on Thursday 11th June 2009 until installation is complete. We believe it will be completed by the end of the day. Please use the bottom entrance.

Although we will endeavour to notify every resident please spread the word.

The pedestrian gate will remain open.
